### **FP 132 PUBLIC PARTICIPATION**

The Chief Officer received an email from a resident as follows:

1. Good to see at last possible progress on the White Elephant (Tadpole field) Just for my clarification The entrance facility will be FULLY FUNDED by St. Andrews parish council and will also provide an entrance for future allotment Holders to use, presumably there will be gated access for security so a possible Y entrance could prevail?
2. Also another question, now we seemly have a full time Road sweeper and operator will the parish publish monthly the roads which have been swept and the rationale behind priorities?
3. Thirdly, The HSBC Community account, will there be a charge on the parish for running this account? One has heard of a possible flat fee of £60 per annum!!?

The Chief Officer replied:

1. Regarding Tadpole - if Council is minded to enter into discussions, then yes, we will be proposing that St Andrews fully fund the entrance to unlock the land. I cannot comment further in terms of security gates etc.
2. I will feed back your suggestion of road sweeper route to be published at future POS committee meetings. Sounds like a sensible approach but I'll let the Officers determine how this could be implemented.
3. That is correct HSBC has changed their banking terms. Actual costs are being determined and I'll be working with the new Finance Officer (starts in May) to look at annual cost implications versus alternative bank providers.
