

Dear Sirs,

Reference: Children's Play Area Capesthorpe Drive

Enclosed is a letter from my granddaughter Ava (Aged 8) who on a recent weekly visit went to the park in Capesthorpe Drive. Ava said the park needs improving and repairing. We agree with her. Ava felt so upset about the condition of the park she independently decided to write this enclosed letter and I have added this cover note.

We have lived here 10 years and the only improvement has been to the slide. It is long overdue that this park is given an upgrade in the same way other parks in the parish have been cared for.

With regards,

I don't live here but I come to
my Nana and Grandpa's house
a ~~tot~~ lot they live at 
Capesthorpe drive the park
they live near is tiny and
mostly for toddlers the
Slide's great but the 2
Old baby Swings that
are rusty are not great
and there is 2 little fiddly
things that ~~no~~ one ever plays
with. And also the rocking
horses are great and the
flood. mabeey instead you
should put in some monkey
bars a spiny thing and a
grown-up swing please.

THANK
YOU
VERY
MUCH

AVCA
