Dear Ava,

WOW! You're amazing! 🌟

Remember that super helpful letter you wrote to us at Haydon Wick Parish Council about the Capesthorne Drive playground? Well, guess what? You've helped make something REALLY exciting happen!

Because of YOUR fantastic ideas, we're going to make the playground even more FUN with:

- A super cool spinning bowl that you can whizz around in!
- 4 awesome new play panels that you can explore
- 2 brand new swing seats for extra swinging fun!

But that's not all! We're also going to:

- Fix up all the play equipment to make it work better
- Replace any broken stuff that we can't fix
- Make sure the special bouncy ground under the slide is safe and comfy

And you know what? All of this is happening because of YOU! The whole project will cost more than £2,500! You should feel like a superhero because you're helping make the playground better for all your friends and everyone in Haydon Wick.

We're working hard to get everything ready by February half term next year. It takes a while because we need to wait for all the new equipment to arrive, and we must pick good weather days to build everything.

We'd love to tell everyone about your brilliant ideas in our local news! Would you like to help us share this exciting story?

I hope you are super excited to receive this news, and we look forward to working with you on this project. Thank you for helping make Haydon Wick an even more amazing place to play! 📍

From,

All the Councillors and Staff at Haydon Wick Parish Council
