

Data Retention & Disposal Policy 2020-21

1 Introduction

1.1 The guidelines set out in this document supports the Council's Data Protection Policy and assists us in compliance with the Freedom of Information Act 2000, the General Data Protection Regulation & The Data Protection Act 2018 and other associated legislation.

1.2 It is important that the Council has in place arrangements for the retention and disposal of documents necessary for the adequate management of services in undertaking its responsibilities. This policy sets out the minimum requirements for the retention of documents and sets out the requirements for the disposal of documents. However, it is important to note that this is a live document and will be updated on a regular basis.

1.3 The Council will ensure that information is not kept for longer than is necessary and will retain the minimum amount of information that it requires to carry out its functions and the provision of services, whilst adhering to any legal or statutory requirements.

2 Aims and Objectives

2.1 It is recognised that up to date, reliable and accurate information is a vital to support the work that the Council do and the services that it provides to its residents.

This document will help us to:

- Ensure the retention and availability of the minimum amount of relevant information that is necessary for the Council to operate and provide services to the public.
- Comply with legal and regulatory requirements, including the Freedom of Information Act 2000, the Data Protection Act 1998, the General Data Protection Regulation, the Data Protection Act 2018 and the Environmental Information Regulations 2004.
- Save employees' time and effort when retrieving information by reducing the amount of information that may be held unnecessarily. This will assist them as they carry out their daily duties, or if searching for information requested under the Freedom of Information Act.

- Ensure archival records that are of historical value are appropriately retained for the benefit of future generations.

3 Scope

3.1 For the purpose of this Strategy, 'documents' includes electronic, microfilm, microfiche and paper records.

3.2 The retention schedule refers to all Parish Council records irrespective of the media in which they are stored. Paper records, originals rather than photocopies should be retained where possible.

4 Roles and Responsibilities

4.1 The Clerk has overall responsibility for the policy.

4.2 The Clerk is responsible for the maintenance and operation of this policy including ad-hoc checks to ensure compliance.

4.3 Other delegated staff are responsible for ensuring their records are kept and destroyed in line with this policy.

4.4 Individual Councillors may hold records in hard copy or electronically at home or on their own devices. If they consider that some of these records are important in the context of the parish records, they should advise that the Clerk retain a copy for the official record. Individual Councillors are strongly advised to undertake "weeding" and "housekeeping" on a regular basis. On resigning from the Council, Councillors should delete the electronic records they hold and destroy hard copy documents.

4.5 The Clerk responsible for ensuring that the guidelines set out in this policy are adhered to and to ensure that any documents disposed of are done so in accordance with their 'sensitivity' (i.e. whether they are normal waste or 'Confidential Waste')

5 Confidential Waste

5.1 Fundamentally any information that is required to be produced under the Freedom of Information Act or Environmental Information Regulations, is available on the website or is open to public inspection should NOT be treated as confidential waste.

5.2 However, any information that is protected by the Data Protection Act or as Confidential under the Council's Constitution should be treated as confidential waste for disposal purposes.

5.3 Examples of what constitutes confidential waste:

- Exempt information contained within committee reports.

- Files containing the personal details of an individual and files that predominantly relate to a particular individual or their circumstances. For example - completed application forms and letters.
- Materials given to us on a 'confidential' or on a limited use basis e.g. material provided by contractors or the police.

5.4 Examples of what does not constitute confidential waste:

- Documents that are available to the public via our web site or by submitting an appropriate search request to ourselves for general information.
- All reports and background papers of matters taken to Committee in public session unless specifically exempt

6 Retention

6.1 Timeframes for retention of documents have been set using legislative requirements and the Chartered Institute of Personnel and Professional Development (CIPD) guidelines.

6.2 Throughout retention the conditions regarding safe storage and controlled access will remain in place.

6.3 Disclosure information appertaining to Disclosure and Barring Checks must be kept securely in a locked cabinet. Only those entitled to see it in the course of their duties should have access. The security and confidentiality of all Disclosure information is closely registered under the Police Act 1997.

6.4 Disclosure information must not be retained for a period of more than six months and must be destroyed in a secure manner using the shredder in the Reception office.

6.5 Any unauthorised employee accessing or attempting to access Disclosures or Disclosure information or personnel records will be dealt with under the Council's disciplinary procedures.

6.6 The attached 'Appendix' shows the minimum requirements for the retention of documents as determined by those officers responsible for the management of these particular documentation types. Officers holding documents should exercise judgement as to whether they can be disposed of at the end of those periods detailed below.

Retention Schedule

This list is not exhaustive; if you are unsure about any document contact the Clerk for clarification.

Document	Retention Period	Reason for retention	Destruction method
Minutes & Correspondence			
Signed Minutes of Council Meetings, Minute Books & Agendas	Indefinite	Legal requirement for Parish Councils	N/A
