

Procurement Policy 2022

POLICY PURPOSE

This document lays out the procedures to bring clarity to the procurement processes set out in the Standing Orders and Financial Regulations. This will assist members when following audit procedures and will provide the necessary clarification of the internal processes to be adhered to.

Standing Orders provide general guidance on contracts and references financial regulations. The table below sets out the general procedures to be adopted by Officers which are overseen by Members.

PARISH COUNCIL PROCUREMENT VALUES

The Council will strive to attain best value for all goods, materials and services which it purchases. "Best Value" will be defined as a balance of price, quality of product and supplier services. The Council will operate a transparent procurement process in accordance with its Financial Regulations and Standing Orders for all procurement.

- The Council will purchase locally wherever possible and where best value can be satisfied. The Council will primarily make purchases within the Parish of Haydon Wick and the Wiltshire district.
- In evaluating "best value", the past record of the supplier will be taken into account and this does not always mean that the Parish Council should select the lowest quotation.
- The Council will purchase Fair Trade goods where possible.
- The Council will purchase re-cycled goods or less environmentally damaging materials where they meet the required functional standard and will have regard to protect and sustain the environment.
- Procurement activities will comply with the Council's Financial Regulations and follow guidance in the NALC Procurement Toolkit where possible.
- Tender opportunities will be promoted on the Council's website to encourage tenders from local community and voluntary organisations and the local SME sector.
- The Council will look favourably to organisations that pay the Living Wage as set by the Living Wage Foundation.
