Date	23rd May 2023
Report Title	Planning & Highways Matters
Agenda Reference	11

Officer's Recommendation:

1. To consider the planning applications as below.
2. To accept ex-Councillor L Brown onto the Planning & Highways Committee – with no voting rights – to assist with sharing local planning knowledge.

Background

Due to the elections, the Planning & Highways Committee meeting for May did not take place. The Borough Council was unable to offer an extension of planning applications until after the next Planning & Highways Committee on the 20th June 2023 and therefore planning applications received throughout May are being presented to Full Council in the interim.

Members of the Planning & Highways Committee are asked to review the applications in advance and provide feedback to the Full Council during the meeting to allow the Officers to submit comments the day after the meeting (24th May 2023).
