LOCAL COUNCIL AWARD SCHEME QUALITY GOLD

Meeting	Parks and Open Spaces Committee
Date	10 October 2023
Report Title	Trees Bulbs and Wildflower Working Party
Agenda Reference	17
Author	David Hunt, Head of Parks & Open Spaces

The Working Party meet on the 12 September prior to that evening's POST committee meeting.

We have had a request from two residents at Callington Road that they could plant some wildflower seed with the intention to create a meadow. I have requested site visit to define the exact area. It is my understanding that it is a small area that we currently mow and with the exception of foxes and deer the area sees very little use.
