## Background

These tasks will be carried out by the Grass Cutting Team when mowing ceases for the season. The attached spreadsheet shows a list of the re-occurring annual tasks. Councillors and Members of the Public are reminded that any areas in need of maintenance can be reported to [tidyup@haydonwick.gov.uk](mailto:tidyup@haydonwick.gov.uk)

## Low Level Tree Maintenance

The winter work will concentrate on tree work required that falls within our remit. Low level works from ground level to an approximate height of 3.6mt will be in this category. Trees that have fallen, fully or partially will also be removed. Crown lifting is a prime task. Crown lifting clears obstructions that hinder the summer mowing program.

Staff allocation on this and other tasks is always flexible.

We are compiling a list of required tree works that our out of our remit and passing them to SBC. To date we have:

- Burnet Road
- Glenmore Road
- Hamble Road
