

Meeting	Parks & Open Spaces Committee
Date	4 th Nov 2025
Report Title	Parks & Open Spaces Autumn & Winter Works
Agenda Reference	10D
Author	Jason Watts, POS & Facility Manager

Officers Recommendation

- To note the report.

Autumn / Winter schedule & Projects

The grass team has now transferred into the autumn / winter schedule and will also bolster the tree survey and reactive work. Additional to the regular shrub and hedge maintenance, the team will also carry out crown lifting, epicormic removal and x6 projects.

Parish tours will commence to identify problematic items that could be added to the autumn / winter projects.

As the weather has been good this season, the winter projects have been delayed by a couple of weeks, and the grass team is keeping a watchful eye on the conditions in case another cut will need to be done in late November ahead of the spring growth.
