Subject: ExternalRe: AFC Haydon Vale

Good morning Georgina

I hope this email finds you well.

We are planning on.... in the near future, making far more use of the Trent Road playing field then we have done over the last 18 months or so.

I'm emailing to ask if it would be possible to have a lock up area:

In the corner of the playing field?

In the corner with the car wash/car garage behind?

We already have a container to store our goals and some equipment in the shield & dagger car park. We recently purchased a ride on mower (2nd hand) currently it would be a struggle storing it in the container,

Even more of a struggle accessing the playing field from the shield & dagger car park with the ride on mower .

We are hoping for an area approximately 15x20 m2

Fenced area with lockable gates.

With a hard stand area.

To help us store our pitch maintenance equipment, (mower ,roller , line markers etc)and playing equipment on site (goals respect lines corner flags) , for easier access.

This would also free up more room in our container for footballs , pop up goals and other training equipment.

We haven't thought of how to fund

The idea yet .

I was just emailing to see if it would be possible.

Kindest regards

Michael woods
