

Remote Meetings Policy and Procedure 2025

1. Introduction

Haydon Wick Parish Council recognises the importance of maintaining transparency, accessibility, and continuity in Council operations, including through remote and hybrid meetings. This policy outlines the principles, procedures, and protocols to guide such meetings in alignment with current legislation and best practices.

2. Background

The Local Authorities and Police and Crime Panels (Coronavirus) (Flexibility of Local Authority and Police and Crime Panel Meetings) Regulations 2020 enabled local councils to meet remotely until 7th May 2021. Although this regulation has expired, hybrid meeting formats have proven effective for community engagement and inclusivity.

In October 2023 Government rejected the Lord's amendment to the Levelling Up and Regeneration Bill which would have enabled local councils to choose to hold hybrid/online Council meetings. The National Association of Local Councils (NALC), the Society of Local Council Clerks (SLCC) and other bodies continue to campaign for the change.

The Local Audit and Accountability Act 2014 and the Openness of Local Government Bodies Regulations 2014 set out the statutory provisions that permit the recording of proceedings by any person attending a meeting. The legislation is designed to increase citizens' rights to attend and report on meetings, in accordance with the Council's Standing Orders (Ref:3I).

The taking of photographs and audio / visual recording of any meetings that are held in public is generally permitted, preferably with a prior request to the Chief Officer or Chair of the Council or relevant Committee. and in accordance with this protocol. Broadcast meetings will only include footage of agenda items that are deemed public and not closed or 'exempt' agenda items.
