Councillor R Worman – On a walk to see the new White Eagle Outdoor Gym, had spoken to residents who were unaware of the new outdoor gym so felt a signpost to the new gym would be useful to make more people aware of it.

POS 078 PARKS & OPEN SPACES REPORT

POS 078A

Members received and noted an update from all areas of the Parks & Opens Spaces Team. It was noted that as staff attendance has levelled out so will be removed from the report. The 2025 Summer Season has seen hugely reduced complaints; this is due to works being allocated with a rigid program allowing team members clarity on daily and weekly work schedules. Councillor R Worman mentioned the number of leaves outside Whitworth Road Cemetery.

Action: POS Operations & Facility Manager to investigate this and report back accordingly.

POS 078B

Members noted the statistics for the reporting system for September and October and praise was shared for the work put into producing this report. Biggest area being reported is the maintenance of hedges and shrubs. There is very good communication with the Office and the Parks and Open Spaces Team working daily on reactive work requests. The most frequently reported platform is currently still staff emails, as residents are used to reporting in to tidyup@haydonwick.gov.uk and telephone calls still come in from residents. Marketing of the Post Reporting platform to be pushed further to widen awareness. It was discussed to take out the category of 'other' because each item should have a category. *Action: Chairman to remove these.*

POS 078C

Members noted the post-season event audits for Grass & Hedge Cutting. Councillor J Jackson advised that the wildflower meadow opposite Catherine Waite School has been cut back please can this remain to be the case as it is very unsightly and does not sell itself to be a wildflower meadow. However, it was discussed that these are in fact 'biodiversity corridors' which need to be kept healthy for wildlife and such like. Members agreed to discuss further at a Wildflower, Bulbs & Tree Planting Working Party.

POS 078D

Members noted the upcoming plans for autumn/winter works and the progress of the Tree Survey 2025-2030. Assessments will continue throughout the winter to continue to establish any areas requiring works to add to the teams schedule.

GROUNDS MAINTENANCE WORKING PARTY UPDATE

Members discussed the key highlights from the Grounds Maintenance Working Party which took place on the 17th October. The mower leases are expiring at the end of 2025, it was suggested to replace or only hire them during the season which would ease storage during the winter. Main recommendation is to sell the mower which has an approx. value of £10k, options will be put forward at the next Working Party meeting, and a decision will need to be made, for an order to be placed by January 2026 in time for the new season.

POS 080

PARKS & PROJECTS TEAM UPDATE

POS 080A

POS 080B

Members received and noted the report. A meeting took place on site to look at the dog exercise park as public comments have suggested that its rather small, it was established the fencing could be modified without more cost and would enlarge the area. Its currently marked out to fit within budget. Therefore, it was agreed to proceed to revise the costs will, but it is hoped it will be a similar amount of fencing by using the natural boundary edges and with the secured sponsorship, the project was less than the budgeted amount meaning there was contingency available.

Proposed: Councillor L Jackson

Seconded: Councillor V Manro

Vote: Agreed Unanimously

Resolved: To modify the fencing accordingly and have the area marked out to enlarge the area to fit within budget.

POS 081

PUBLIC SPACE PROTECTION ORDER

SBC were successful with gaining a Public Space Protection Order to curb Car Meets throughout all of the Borough and as such parish councils were asked to submit their areas of concern that mostly are near to HWPC Boundary Signs. Councillors were asked at the last Full Council meeting in October 2025 to submit locations that are in obvious and clear positions. This is a three-year Public Protection Order. After discussion it was agreed to submit the list of areas to SBC, confirming that there was no enthusiasm to have these signs but an interest in what other parish councils wanted to do.

POS 082

ANNUAL PLOT HOLDERS MEETING

Members received and noted the report of the annual plot holders meeting.

POS 083
