

Meeting	Parks & Open Spaces Committee
Date	November 4 th 2025
Report Title	White Eagle – Resident Car Parking Suggestion
Agenda Reference	7
Author	Laura Cutter, Deputy Clerk/RFO, HR & Services Manager

Officer's Recommendation

1. To note the report and give suitable advice to the residents.
2. To consider whether Haydon Wick Parish Council would support their proposal if accepted by all residents and landowners.

Background

Residents of properties in White Eagle have contacted the Parish Council to ask about moving some fencing and changing the piece of land identified below, from a green open space, to add some rubber matting to allow for additional off road parking.

The piece of land in question is not in the Parish Council's remit to maintain and either belongs to the Housing Developer or Swindon Borough Council. Residents would like to obtain the Parish Council's view and receive suggestions on next steps to progress the idea.

It is recommended that all residents of White Eagle should be consulted by the residents championing this project idea prior to a request going forward to Swindon Borough Council or the Housing Developer. Consideration should be given to ensure that this request follows the appropriate channels and does not set a precedent across the parish aspiring to have additional parking in local streets.
