Report Title	Electric Vehicle Replacement
Agenda	27
Author(s)	Jason Watts, Parks & Open Spaces Manager

Officer's Recommendation:

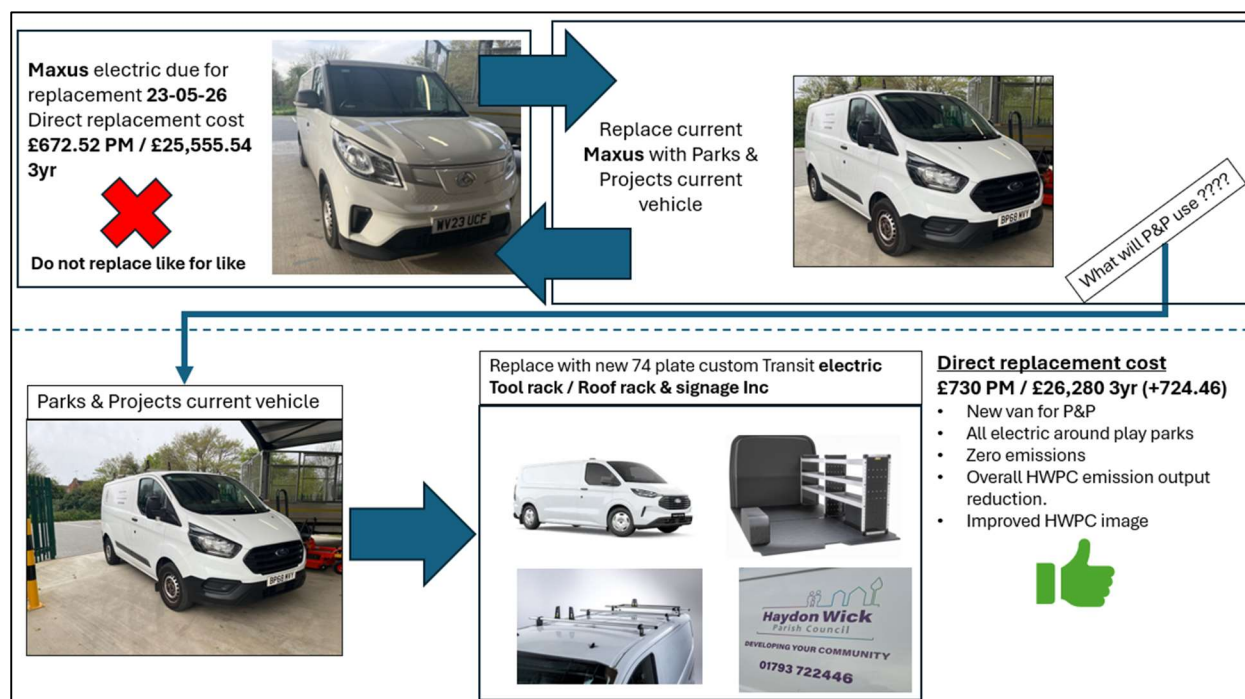

To note and steer the replacement of electric Maxus vehicle

The lease contract for vehicle WV23 UCF terminates on 23rd May 2026. This vehicle is currently used for site visits, event support, and general goods transport.

After careful consideration, it is proposed that the vehicle will not be replaced on a like-for-like basis. Instead, this presents an opportunity to replace the current Parks & Projects vehicle, with the existing Parks & Projects vehicle subsequently reassigned to support site visits, events, and general goods transport, as outlined below.
