

Subject: FW: Holmleigh & Wheatlands - Upcoming Works
Attachments: HD-2627-002-012-DR-001 Holmleigh & Wheatlands.pdf

Dear Sir/Madam,

As a representative for Swindon Borough Council, I write to inform you of the upcoming carriageway maintenance works along **Holmleigh & Wheatlands**. The site extents can be found attached to this email.

The main purpose of this work is to fully replace the deteriorating road surface to provide a safer and better running surface for all road users.

The works are provisionally programmed to commence from **Friday 31st July 2026 for 2 working days between the hours of 08:00 and 18:00**. However, on occasions they may overrun slightly due to circumstances outside of their control such as equipment breakdown or if weather conditions are unfavourable.

Notification signs will be erected in advance to advise the residents and public when the works will take place. Should delays occur due to unforeseen circumstances, the signs will be updated to show the revised dates and durations accordingly.

The works will be carried out within a temporary road closure to ensure that adequate health & safety is maintained for the Contractor & local residents. The workforce will maintain pedestrian access for the duration – however, due to the nature of the works vehicular access will need to be restricted.

You will not be able to park your vehicle along Holmleigh & Wheatlands once the works have commenced. It is recommended that you temporarily park your vehicle elsewhere during the working hours.

If you have a blue badge and will be directly affected by the works please get in touch either via email or phone and let the Council know. A representative will then be in touch shortly to discuss access requirements/arrangements with you.

Traffic Marshals will always be available on site during the works and will be happy to assist with any access problems or queries that arise.

I would like to take this opportunity to express our appreciation for your understanding whilst these works are underway to improve Swindon's highway network.

Should you require any further information, please do not hesitate to contact me.

Kind Regards,

Nick To
