LOCAL COUNCIL AWARD SCHEME QUALITY GOLD

Meeting	Community Development Committee
Date	3rd November 2026
Report Title	Mobii Table
Agenda Reference	10
Author	Laura Cutter, Deputy Clerk/RFO, HR & Services Manager

Officer's recommendation:

1. To note the report.

Background

Following the previous update regarding the Mobii Table donated to Prospect Hospice, the required servicing and package upgrade, due to a battery fault, has now been completed at a cost of £450.00.

As previously reported, the work was necessary to maintain the equipment in working order and maximise its use, given its estimated value of £5,000.00.

The payment has been made from the Community Grants Budget (4209/402). Members previously noted that the cost could be recouped through the forthcoming Prospect Hospice grant application due in February 2027.

The payment authorisation is within the limit of the Haydon Wick Parish Council Officers and therefore the report is to note.

It is hoped the machine fully in working order will be of benefit to the residents of the Prospect Hospice as originally intended when donated in May 2026. The Prospect Hospice remains grateful for the device and the support of the Parish Council.
